Subject: BMUC Approved Action

Good Afternoon Paul,

As a follow-up to the BMUC Meeting earlier this morning, I offer the following for your action as warranted.

The BMUC held a meeting today to discuss water and wastewater/sewer connection/tap fees. BMUC Member participants included Todd Kennedy, Bob Sweeney, Dave Wade, and Ernie Harr. This participation represented a Town of Boonsboro Charter defined quorum for the BMUC. As a result of the discussions, the following was introduced by Bob Sweeney and unanimously approved. The text provided below was reviewed and accepted without comment by all of the BMUC Member meeting participants.

The BMUC approves the recommendation contained in the Connection Fee and Capacity Analysis 2013 Town of Boonsboro Report performed by Triad Engineering, Inc. dated September 11, 2013 specifically, Option 2 for all water and wastewater/sewer hookups and recommends that the Mayor and Council adopt the increase in the connection/tap fee for water from \$ 6,500.00 to \$ 8,550.00 and wastewater/sewer from \$ 11,000.00 to \$ 13,550.00.

Let me know if you have any questions or need additional information.

Enjoy your weekend and stay safe!

Respectfully,
Ernie
