Bus Loading Area Concept 2

March 17, 2019

Drawing Scale: 1" = 40' (Approx.)

This drawing and any potential design elements are for illustrative purposes only. Final Design To Be Determined. THIS DRAWING NOT FOR CONSTRUCTION.

Design Considerations:

1. Adequate Space/Setback from Stormwater Infrastructure
2. Adequate Space/Setback from Town Light Poles
3. Length of Curb Cut on plan is 75'. Estimated 65' to 75' is necessary.
4. Parking width proposed is 12'
5. Sidewalks proposed are either 4' of 5'. ADA requirements should be considered.
6. "Bus Parking Only" Signage
7. Landscaping, seating, and other site plan elements should be incorporated into the plan.
