October 18, 2022

The Honorable David Brinkley, Secretary  
Maryland Department of Budget & Management  
45 Calvert St.  
Annapolis, MD 21401

Dear Secretary Brinkley,

I am respectfully requesting your consideration of a Capital Budget grant for critical water infrastructure updates in the Town of Boonsboro, which address necessary health and systems reliability repairs and upgrades of legacy wastewater and drinking water systems, and foundational infrastructure necessary for future growth and economic development prospects.

Principally, these upgrades address legacy drinking water lead pipes and related transmittable carcinogens, inadequate wastewater collection system capacity, fecal contamination of a groundwater aquifer, drinking water stagnancy and loss of free chlorine, and wastewater storage and treatment mitigation. This request is of an urgent nature, addressing primarily health and safety, and secondarily an economic development model providing ongoing increasing revenues for the Town and for the State.

I am requesting \$13 million dollars from Governor Hogan's Capital Budget to be contributed to this important and essential project. Thank you in advance for your consideration, please do not hesitate to reach out to our office should you or your staff have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read 'P.D.C.', with a long horizontal flourish extending to the right.

Senator Paul D. Corderman
