Mayor & Council of Boonsboro
21 N. Main Street
Boonsboro, MD 21713

RE: Reservoir Dive Survey & Donation Request

Mr. Mayor & Councilmembers,
I'm writing to request a donation of \$775.22 to upgrade the Frederick County Dive 15's underwater video equipment. To properly perform an interior survey of the Town's reservoir and provide video footage clear enough to perform an engineering assessment, we need to purchase a new underwater video camera.

Working with the Town Manager, we're scheduled to perform another dive survey, this Friday the 18th. If you recall, the Frederick County Dive 15 Team performed a dive survey of the Town's reservoir, in May 2021. We were able to observe numerous suspected leak locations and visually verify the results of the Town's electrical resistivity test.

On Friday the 18th, we hope to provide the Town with the information you need to perform an interior condition assessment and safely replace the reservoir, in the near future.

If you have any questions, please call or email. Thanks very much and look forward to helping out the Town!

Sincerely,

Commander David Eaves
Frederick County Dive 15
