Thank you for the opportunity.

ITEM	DESCRIPTION	QUANTITY	UNIT	AMOUNT
	PROPOSAL 1 - REPLACE WATERLINE WITH 8" DI	1.00	LS	1,306,000.00
	PROPOSAL 2 - REPLACE WATERLINE WITH 12" DI	1.00	LS	2,950,000.00
	ADDITIONAL 12" MAINLINE VALVES	1.00	EA	5,200.00
	ADDITIONAL 8" MAINLINE VALVES	1.00	EA	2,900.00
	ADDITIONAL 6" MAINLINE VALVES	1.00	EA	2,000.00
	ADDITIONAL 4" MAINLINE VALVES	1.00	EA	1,750.00

NOTES:

Inclusions per each proposal:

1. All blacktop restoration necessary for MDOT requirements.
2. All traffic control.
3. All piping and temporary services.
4. Connection to all spur waterlines shown on sketches.
5. Connection of all existing hydrant lines, 3 of which will have new valves and 6" piping.
6. All waste to be hauled to the sewage plant on Monroe Road.

Exclusions/Clarifications per each proposal:

1. No additional valving except what is needed to provide temporary service determined by HRI. (unit prices for additional valving is provided on the proposal)
2. No provisions for hydrants to stay operational.
3. No work to happen within the intersection of Main Street and Potomac Street within the crosswalk areas.
4. No new curb stops, water meter horns, or meter pits are included.
5. No permitting is included.
6. All water services are assumed as 3/4" copper. Any services that are to be upsized will be subject to price increases.
