Section 901 Zoning Permits

C. Temporary Zoning Permit

i. Authorization of Temporary Uses.

The Zoning Administrator shall have the authority to authorize a temporary use of land, in any district, for a period not exceeding 30 days, provided the land shall be entirely cleared of such use within five days after such temporary authority expires. Up to three extensions of the temporary uses may be granted by the Zoning Administrator for periods not exceeding 30 days each, up to a maximum limit of 120 days. The extension may be approved upon written request if there are no modifications of the use and no complaints regarding the temporary use have been received. Requests for extension of a temporary use that involve any use modification or that is the subject of a complaint will be processed in accordance with the procedures for the original temporary use approval.

ii. Criteria for Approval.

A temporary use may be approved if the Zoning Administrator determines that:

a. The use will not adversely affect adjacent properties.

b. The use does not require significant or permanent changes to the existing topography vegetation, structures or other features of the site, and will be returned to the same or better condition upon expiration of the use.

iii. In the event of an emergency, such as a fire, the temporary use may be established prior to issuance of the Zoning Permit and additional extensions may be considered.
