- Cone Rack
- Washdown System
- Hydrant Fill Strainer
- Multiflow
- Footage Counters

Looking for a combo unit or hydro-excavation unit without the chassis? Our combination trailer might be exactly what you are looking for. We offer a variety of debris tank and water capacity options. These can be equipped with or without a hose reel and a variety of positive-displacement blower options to give you the exact power that you need. Debris tank options vary, as does water tank capacity. For more information on this unit, please contact your local PipeHunter representative.
