MEMORANDUM

To: Mayor Long and Town Council Members

From: Megan Clark, Town Manager

Date: March 3, 2017

Subject: Yard Debris Site Expansion

The Yard Debris site on Monroe Road, in its existing condition, has served the town for over twenty years.

The Public Works staff are currently unable to push the piles higher and create additional space, as more space is required to be able to take in more debris.

The Public Works Superintendent is recommending contracting with Custom Landscape Management of Boonsboro for \$3,580 to remove 43 existing Sumac Trees to create additional space, and use a track loader to push the existing piles higher. The additional space would serve the Town for approximately five more years.

If you have any questions regarding the attached or need additional information, please feel free to contact me.

Thank you in advance for your consideration.
